

## Inter-Professional Clinical Deterioration Simulation Workshop Clinical program

<b>Description:</b>	This 1 hour session provides the opportunity for clinicians to immerse themselves in an inter-professional clinical deterioration scenario, to explore both technical patient management strategies and non-technical aspects that relate to effective clinical care.	
<b>Learning objectives:</b>	<ul style="list-style-type: none"> <li>To become more familiar with afterhours scenarios</li> <li>To gain experience in working in a interdisciplinary team managing unwell patients</li> <li>To demonstrate the ABCDE approach</li> <li>To recognise when to call for help</li> <li>To develop awareness and improvement in non-technical skills</li> </ul>	
<b>Who should attend?</b>	SDNs, graduate nurses or nurses nominated by their SDN	
<b>Program drivers:</b>	Recommendations were made to review opportunities for novice medical and nursing staff to learn together about managing deteriorating patients in afterhours scenarios.	
<b>Program preparation:</b>	Completion of learning activities via online learning (Moodle).	
<b>Facilitators:</b>	<b>Registrar</b>   Postgraduate Medical Education   SCGH	<b>Staff Development Educator</b>   Centre for Nursing Education   SCGH
