Leadership in Action Day 2 Professional Program

Description:	This program provides introduces nurses to the concept of how effective teams work. Nurses will reflect on how people behave in teams in different circumstances and consider how they can apply this understanding to their practice to promote team effectiveness and build positive cultures. This program is designed to support nurses to explore working with others effectively.
Learning Objectives	At the conclusion of this study day, the participant will be able to <ul style="list-style-type: none"> • Demonstrates autonomy and support for others to achieve outcomes in the work place • Identifies the impacts of positive and negative workplace cultures on an organisation and how this effects patient safety • Identify leadership strategies that maintain a positive workplace culture
